

Victoria Rhododendron Show Schedule 2011

Grp	Class	Grp	Class
A.	SPECIES (Greer pages 80 to 83)	D.	NEW HYBRIDS (truss or spray - must have been <u>grown</u> from <u>seed</u> by <u>exhibitor</u>)
	LEPIDOTE (truss or spray)		
	1. Section Pogonanthum (Anthopogon)		54. (e.g. from ARS seed) (a) lepidote (b) elepidote (c) azalea
	2. Sub-section Boothia		
	3 Campylogyna		55. <u>Hybridized & grown from seed by exhibitor</u>
	4. Cinnabarina		(a) Rhododendron (b) Azalea
	5. Edgeworthia	E.	FRAGRANT RHODODENDRON (truss or spray)
	6. Glauca		56. For best fragrance of a rhododendron, species or hybrid, but NOT an AZALEA
	7. Heliolepidia		
	8. Lapponica	F.	RHODODENDRON PLANTS
	9. Maddenia (a) outdoor (b) with protection		57. Lepidote species
	10. Triflora (a) Augustinii (b) all others		58. Elepidote species
	11. Any lepidote not above		59. Lepidote hybrid
	ELEPIDOTE (truss)		60. Elepidote hybrid
	12. Sub-section Arborea		61. Foliage plant, not necessarily in bloom (species or hybrid)
	13. Barbata		
	14. Campanulata		62. Vireya, species or hybrid
	15. Falconera & Grandia	G.	AZALEA SPECIES (truss or spray)
	16. Fortunea		63. Deciduous
	17. Irrorata		64. Evergreen
	18. Neriiflora	H.	AZALEA: EVERGREEN HYBRIDS (truss or spray)
	19. Pontica		65. Red
	(a) yakushmanum (b) all others		66. White
	20. Taliensia		67. Pink
	21. Thomsonia		68. Blue/purple
	22. Any elepidote not above		69. Orange/salmon
B.	HYBRIDS	I.	AZALEA: DECIDUOUS HYBRIDS (truss or spray)
	ELEPIDOTE (truss)		70. Red
	23. Red		71. White
	24. Red with flair/blotch		72. Pink
	25. Red multicolour		73. Yellow
	26. White		74. Orange/salmon
	27. White with flair/blotch	J.	AZALEA PLANTS
	28. White multicolour		75. Evergreen - species or hybrid
	29. Pink		76. Deciduous - species or hybrid
	30. Pink with flair/blotch		77. Foliage plant, not necessarily in bloom (species or hybrid)
	31. Pink multicolour		
	32. Dark pink/rose	K.	AZALEADENDRON
	33. Dark pink/rose with flair/blotch		78. Any azaleadendron - plant, spray or truss
	34. williamsianum hybrids (a) pink (b) white/creamy/yellow	L.	COMPANION PLANTS
			79. (a) Camellia truss (a1) floating flower and leaves (b) Magnolia (c) Other - Herbaceous (d) Other - Woody
	35. Blue/mauve/purple	M.	DISPLAYS
	36. Blue/mauve/purple with flair/blotch		80. Arrangements - rhododendron or azalea flowers
	37. Blue/mauve/purple multicolour		81. Bonsai - rhododendron or azalea, less than 24 inches
	38. Cream		82 Educational
	39. Cream with flair/blotch		83. Exhibit of leaves
	40. Cream multicolour		
	41. Yellow	N.	NORTHWEST HYBRID (WASHINGTON-B.C.)
	42. Yellow with flair/blotch		84. LEPIDOTE OR ELEPIDOTE (truss)
	43. Yellow multicolour	O.	HAMMERHEADS (an inflorescence which arises from more than a single flower bud)
	44. Orange/salmon		85. ELEPIDOTE (truss)
	45. Orange/salmon with flair/blotch		NOTES:
	46. Orange/salmon multicolour		Lax - An open, loose truss with drooping pedicels (flower stalks) e.g. Fabia
	LEPIDOTE HYBRIDS (truss or spray)		Flair/blotch - A spotty or solid patch of a different shade or colour e.g. Mrs. T.H. Lowinsky, Mrs. Furnival, Golden Wit
	47. White lepidote		Elepidote - without scales e.g. arboreum, fortunei, Vulcan
	48. Pink lepidote		Lepidote - scurfy - with minute scales on leaves e.g. maddenii, impeditum
	49. Blue/mauve/purple lepidote		Truss - a single rachis (i.e. all flowers coming from one bud)
	50. Cream lepidote		Spray - multi stems emerging from a single stem. Height from the top of the container and must less than 16 inches. Width Must be less than or equal to height.
	51. Yellow lepidote		
	52. Orange/salmon lepidote		
C.	VANCOUVER ISLAND HYBRIDS		
	53. Truss or spray (a) Rhododendron (b) Azalea (c) Rhodo Plant, (c1) Azalea Plant		

Victoria Rhododendron Society – 2011 Annual Show
Hillside Centre Shopping Mall
Set-up for Entries, April 29th – early evening
Show April 30 – 9:30 a.m. to 6:00 p.m.
Sale May 7 Abkhazi Garden 9:00 a.m. to 12:00 p.m.

General Show Rules

1. Exhibits will be accepted from members, non-members, hobbyists or commercial growers on **Friday, April 29th** from **7:00 pm until 9:00 pm**. Later entries cannot be accepted. **No entries will be accepted Saturday, April 30th**. Entry pick up will be between 6:00 p.m. and 6:30 p.m. after the show.
2. Exhibitors may enter as many specimens in a given class as are appropriate, but **each must be a separate cultivar**.
3. All plants and trusses should have been in the possession of the exhibitor since August 1 of the preceding year.
4. Rhododendron leaves (Class 83) shall consist of leaves top and underside shown, mounted and displayed on a white or black background.
5. Each exhibitor should use one official entry form to list the class number and plant name for all their entries. This form should be left at the registration desk. A show card, with group letter, class number, plant name, exhibitor's name and phone number must be completed for each entry. Help will be available to determine correct names and classes.
6. Classes may be subdivided where numbers warrant. As placement errors have occurred in the past, this year **entries will be placed on the tables only by members of the Show Committee**.
7. Each truss or spray shall be in a bottle appropriate in size. (Preferred are green bottles, eg. The Great Jamaican Ginger Beer Co.) The Society has some of these for use by exhibitors, but not enough for everyone. Please provide your own bottles if possible. The Society will take every care for the protection of all plants and trusses but cannot be held responsible for any loss or damage.
8. Exhibits shall not be removed from the show between the time of judging and the end of the show. **Exhibits may be picked up between 6:00 and 6:30 pm but not before.**
9. During the hours of judging (Saturday morning from 7:00 until 9:30) **members and exhibitors not on official duty are required to leave the judging area** **Only judges, clerks and assistants** designated by the show chair shall be present during the judging.
10. The judges' decision shall be final and no ribbon or trophy shall be awarded if, in the opinion of the judges, no exhibit is of sufficient merit.

Awards

- 1. The de Rothschild Challenge Trophy**, a perpetual silver cup given to the Victoria Rhododendron Society in 1989 by Edmond de Rothschild, shall be awarded for the best rhododendron entry in the show whatever the class. The winning entry shall receive a silver keeper cup. A repeat winner will have engraving added to their original keeper.
- 2. The Gibson Memorial Trophy** given by Ken and Dot Gibson to honour Ken's mother shall be awarded to the exhibitor accumulating the most points.
- 3. The Fraser Memorial Trophy** given by the Society shall be awarded to the best truss or spray of a Vancouver Island hybrid.
- 4. The Jim Calder Memorial Trophy** given by Evelyn and Nick Weesjes shall be awarded to the best species truss or spray.
- 5. The Jean and Norman Todd Trophy** shall be awarded to the best lepidote species grown in a container.
- 6. The Angus and Mary Boyd Trophy** shall be awarded for the best entry by a novice (i.e. a person who has not previously won a trophy in a show sponsored by the Victoria Rhododendron Society).
- 7. The Mary Henderson Trophy** donated in her name by her family shall be awarded for the best hybrid rhododendron truss or spray.
- 8. The Herman and Hella Vaartnou Plate** shall be awarded to the best rhododendron (not azalea) truss or spray that is fragrant (Class 56).
- 9. Mary's Memorial** shall be awarded to the best rhododendron companion plant (flower, spray or plant).
- 10. The Alec McCarter Bowl** shall be awarded to the best northwest hybrid. Eligible plants will have been hybridized in Washington state or British Columbia.
- 11. The Webb Trophy** shall be awarded to the 'People's Choice' selection. The winner will be announced in the May Newsletter.
